# Digital Product Passport & Traceability: Enabling Sustainability through Effective Policy

## *2<sup>nd</sup> ICCS Digital Product Passport event*

### Welcome & Introduction

Dr. Lucyna Lekawska-Andrinopoulou

[lucyna.andrinopoulou@iccs.gr](mailto:lucyna.andrinopoulou@iccs.gr)

Senior researcher, Division of Circular Economy and Tracing

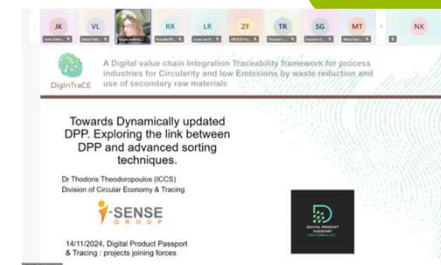

Thursday 27<sup>th</sup> of November 2025

Centre for European Policy Studies (CEPS)  
Place du Congrès 1, 1000 Brussels

## Digital Product Passport & Tracing: *Enabling Sustainability through Effective Policy* 2<sup>nd</sup> ICCS Digital Product Passport event

- 2<sup>nd</sup> event from a Digital Product Passport and Traceability series launched by ICCS and the Division of Circular Economy of I-SENSE Group
- Event series was started by ICCS in 2024
  - from need for cross-sectoral & cross project common approach for DPPs with topic: Projects joining forces
  - no similar clustering event was organized back then in the DPP domain
  - with 261 registrations and 153 participants participating online, average attendance time: 2h 16 min

- ICCS aims to provide a platform to promote cooperation and ideas exchange, identify common challenges, strategies and novelties leading the transition towards a common approach for DPPs

## *Enabling Sustainability through Effective Policy*

- Policies shape how DPPs are implemented
- They provide legal certainty for businesses
- Policies ensure interoperability and standardisation
- They drive market uptake and innovation
- They safeguard transparency, data quality and accountability

Featured project

Wood2wood, Transforming wood waste into valuable resource for a greener future
